

## The Steinway Piano

Stands unapproached in any of the cardinal and essential features which endear it to the artist and the music-loving public the wide world over. It is a glorious masterpiece in power, sonority, singing quality and perfect harmonic effects. Its sound volume is overwhelming, its tone qualities are bewitching and entrancing beyond praise they are the marvel of performer and listener alike.

Withal, THE STEINWAY PIANO has no equal for endurance; it will far outlast any other piano. And, what is more, its price is but little higher than that of other good pianos.
