

DO YOU KNOW of a Christmas gift received in your family three generations ago — that is still in use?

STEINWAY ENDURES

STEINWAY is perfectly suited to the Christmas gift idea . . . It has in it so much of the sentiment and spirit of the season, giving voice to the creations of the great musical geniuses. But Steinway is a practical gift as well, for this beautiful instrument will go on pouring out happiness even when it becomes a treasured heirloom, three and four generations from now.

RACHMANINOFF and his **STEINWAY PIANO** will enchant hundreds of listeners this afternoon in Orchestra Hall at 3:30

This Christmas invest in a Steinway with the New Accelerated Action, \$1195. Small down payment, three years to complete the balance. Your present piano accepted in partial payment.
